

## Health Professions Application Class 2010 Useful URLs

The following is a listing of some useful websites for students intending to apply to medical and dental schools:

(1) **AAMC Fee Assistance Program (FAP):** [www.aamc.org/students/applying/fap](http://www.aamc.org/students/applying/fap)

The AAMC Fee Assistance Program (FAP) assists MCAT® examinees and AMCAS applicants who, without financial assistance, would be unable to take the MCAT or apply to medical schools that use the AMCAS application.

(2) **MCAT Essentials:** [www.aamc.org/students/mcat/mcatessentials.pdf](http://www.aamc.org/students/mcat/mcatessentials.pdf)

You are required to read this document prior to registering for the MCAT. When you register, you must certify that you have read and understood the policies and procedures covered within the document.

(3) **MCAT Exam Registration:** [www.aamc.org/students/mcat/registration.htm](http://www.aamc.org/students/mcat/registration.htm)

Registration is now open for the January 2009 MCAT. MCAT wants you to have the best registration experience possible. The following information will help you navigate successfully through the MCAT Scheduling and Registration System. Following the tips below will prevent lost seats, multiple credit card charges, and lost connections.

- If you are taken to the Web page that says "Welcome to MCAT Registration and Thank You for Your Patience," you have arrived at a waiting room because the system is busy. If you close this page or refresh your browser, you will lose your turn and your wait starts over. When you are taken to the login page, you will have one minute to enter your username and password.
- Once you are in the system, some actions may take up to a couple of minutes to complete, especially the payment page. Do not refresh your browser, which could derail your action.
- Use only the application controls ("Save and Continue," "Previous," etc.) to move from section to section. Don't use browser buttons such as "Back," which could disrupt your connection. Do not open multiple browsers or more than one browser window; this can slow the system down.

(4) **MCAT Registration Tips:** [www.aamc.org/students/mcat/registrationtips.htm](http://www.aamc.org/students/mcat/registrationtips.htm)

(5) **AAMC MCAT Examinees with Disabilities:** [www.aamc.org/students/mcat/disabilities.htm](http://www.aamc.org/students/mcat/disabilities.htm)

Provides essential information about applying for accommodations on the MCAT for students with disabilities, including those with learning and physical disabilities. In the future, AAMC plans to post study guides and test-taking tips to help examinees with disabilities.

If you still have questions after reading all of the information provided, please contact the Office of Disability Services. All contact with this office must be in writing, either by mail or Email.

(6) **American Dental Association (ADA) Dental Admissions Test (DAT):**  
[www.ada.org/prof/ed/testing/dat/index.asp](http://www.ada.org/prof/ed/testing/dat/index.asp)

Provides essential information about the DAT and DAT test registration. You should schedule to take the test 60 to 90-days prior to the desired test date.
