

Staffing Decisions AY 2008-2009

New Allocations

This year one new position was available and it was allocated to the Film and Media Studies Program. The decision was based on the evidence provided that this new tenure-track line is crucial to advance the curricular needs of the program, to meet enrollment pressures, and to make progress on the Strategic Plan's objective to enhance the creative arts.

Other Staffing Decisions

It was decided that the currently allocated tenure-track positions in the following departments should remain in these departments:

- Chemical and Biomolecular Engineering
- Computer Science
- Economics
- Physics
