Has an I-9 Employment Verification Certification been filed with the Human Resources Office? (Student may not be employed if one has not been filed).	Yes	No

Please provide a brief description of the overall program with which the student will be associated.

The purpose of the EXCEL program is to enhance learning opportunities for students and to encourage collaboration in learning and research between faculty and students. The work of the student assistant, therefore, must be research-oriented and not clerical in its primary emphasis. Please describe some of the responsibilities of the student and the educational benefits which the student will derive from them.

Please briefly describe the qualifications of the student to assist with this program.

Is this student doing, or planning to do, an honors thesis with you? If so, please describe how the EXCEL work relates to the honors work.
