

# PUBLIC SAFETY

## Annual Security Report 2009-10

---

Lafayette is an independent, coeducational college in the College Hill section of Easton, Pennsylvania, a small city of 30,000. The College enrolls 2,385 full-time equivalent students in the day and evening programs 53 percent men, 47 percent women, about 2,083 of whom live on campus in residence halls or fraternity and sorority houses. About 259, mostly upper-level students, reside off campus in College-owned housing or private housing. The College employs 215 faculty and 498 full-time administrators and support staff. Also the College employs 168 part-time faculty, administrators, and support staff.

### **Public Safety Office**

Located on the ground floor of Marquis Hall, the Public Safety Office is responsible for around-the-clock protection of the Lafayette campus. The staff consists of a Director of Public Safety (who reports to the Vice President for Business Affairs and Treasurer), two assistant directors, one manager, two supervisors, nine full-time officers, eighteen part-time officers, two full-time and five part-time dispatchers, and two full-time office staff.

The Director of Public Safety, one assistant director, and two supervisors, as well as thirteen staff members, are commissioned police officers with powers of arrest. All public safety and campus police personnel are trained to handle security and safety matters on campus, as well as to perform first aid and cardiopulmonary resuscitation. They are trained and equipped with portable oxygen and an automated external defibrillator (AED). They are recertified as required. All patrol staff have either a two-year degree in law enforcement or experience in the safety/security field and are subject to extensive background checks before being employed. Thirteen personnel have been trained as law enforcement officers. Personnel regularly attend off-campus training sessions. Other training sessions and reviews are held throughout the year to help personnel execute their duties more efficiently. The College's residence hall staff, including resident advisers, completes a yearly training program.

Personnel carry two-way radios and flashlights and are in uniform. Properly trained and certified campus police officers carry batons, handcuffs, and firearms. Properly trained and certified security officers carry batons.

The Public Safety Office works closely with the Easton City Police Dept., 25 S. 3rd St., Easton, the Forks Township Police Department, 1604 Sullivan Trail, Easton, and with the Easton Fire Department and Code Inspections Division.

Personnel report to the appropriate law enforcement agency incidents that require further investigation. Likewise, local law enforcement officers report to the Public Safety Office any incidents involving Lafayette College students in the City of Easton and Forks Township. If appropriate, public safety staff will notify state and/or federal agencies and work with them on investigations. If the Public Safety Office is notified of a violent crime perpetrated against a student, other College offices that may be of assistance will be notified, including the Dean of Students, the Counseling Center, and Health Services.

Easton Police provides to the Office of Public Safety any "Sex Offender Registration Information" as appropriate. This information is available at the Public Safety Office and from the Easton Police. Also, the Pennsylvania State Police have a Megan's Law web site for Pennsylvania at [www.pameganslaw.state.pa.us/](http://www.pameganslaw.state.pa.us/).

Patrol vehicles are used for visiting outlying campus areas and for campus patrol; they are also available for emergencies. Emergency care is provided at the College's Bailey Health Center from 8 a.m. to 5 p.m. weekdays and 11 a.m. to 3 p.m. weekends during the academic year. It is supplemented by the services of the College Counseling Center and Easton Hospital. Emergency transportation for injured students or employees is available by contacting the Public Safety Office emergency telephone number, (610) 330-4444 (Ext. 4444 on campus).

The Public Safety Office is responsible for the campus parking program, including registering staff and student vehicles and enforcing parking and traffic regulations.

### **Reporting Emergencies or Crimes**

To report an emergency or a crime, students, faculty, and staff should call, write, or walk into the Public Safety Office in room 11 on the ground floor of Marquis Hall. All members of the campus community are encouraged to report ALL CRIMES to the Public Safety Office in a timely fashion. Emergency/convenience telephones have been installed on the exterior of all residence halls on campus. In addition, freestanding emergency telephones have been installed in various locations on campus. Each phone has an emergency button that when activated automatically connects the user with the Public Safety Dispatching Center. The location of the phone is identified to the dispatching center automatically. These phones may also be used by visitors to contact residence hall occupants as these buildings are locked 24 hours a day.

# LAFAYETTE

Phones are available in all academic, administrative, and athletic buildings as well. A dispatcher is available to receive calls to the Public Safety Office at all times.

Campus “pastoral and professional” counselors routinely advise those being counseled of the option and procedure for reporting the crime/incident they are discussing to the Office of Public Safety.

In the event of a campus-wide emergency, members of the campus community who have enrolled in the Lafayette e2Campus Emergency Alert Service will receive a text message and email advising them on the nature of the emergency and appropriate steps to take. In addition an outdoor mass alert siren/PA system will sound. Upon hearing this alert members of the campus community should check their e2campus text messages and email.

All crimes reported to the Office of Public Safety are also reported to the Easton Police Department. In the event that a serious crime is reported, either on or off campus, that in the judgment of the Director of Public Safety constitutes a threat to the campus community, the Office of Public Safety will mail a notice to all members of the campus community; a campus-wide email may also be sent.

### **Alcohol, Drugs, and Weapons**

Lafayette College complies with federal, state, and local laws regulating the possession, use, or sale of alcoholic beverages, controlled substances, and weapons. The unlawful possession, use, or distribution of illicit drugs and alcohol on institutional property or at any officially sanctioned College activity by any member of the Lafayette College community is strictly prohibited. Students and employees who violate this regulation are subject to severe disciplinary action by the College and may incur penalties prescribed by civil authorities.

For students, sanctions imposed by the College for violations of the above regulations may range from probation up to and including expulsion from the College and referral to College police, local, state, or federal authorities. Sanctions for employees may vary from mandatory participation in rehabilitation programs to termination of employment and referral to authorities for prosecution.

Specific College policies on drugs and alcohol are published in the *Student Handbook* on Lafayette’s web site, as well as in brochures available from the Office of Student Life. Alcohol and drug-abuse education programs are provided by the College and are available through the Counseling Center as part of the College Health Services.

### **Crime Prevention and Safety**

Students, faculty, administrators, and staff have access to pamphlets on security and safety procedures and crime prevention tips. Incoming students are given this information at orientation. The Public Safety Office sponsors crime prevention programs each semester; a specially trained, certified crime-prevention officer is available for presentations on campus. A self-defense program is offered twice during the school year and is open to all who are interested at no charge. The office conducts fire-preplanning tours for the Easton Fire Department as well as fire drills in each residence hall, fraternity, and sorority twice yearly and in selected

academic buildings periodically. In addition, the Assistant Director for Environmental Health and Safety conducts safety inspections of selected buildings.

“Project ID,” run by the Public Safety Office, makes available engraving tools to students for marking personal property. Project ID is publicized at new-student orientation, in the crime prevention newsletter, in pamphlets, and through various programs throughout the academic year.

This security report is prepared annually for the beginning of the fall semester. It includes yearly crime statistics, which are reported to the Pennsylvania State Police and federal authorities and are available upon request. Also, a daily crime log is maintained at the Public Safety Office and is available to the public. Annually, the state crime statistics for campus are published and mailed to all members of the campus community. The student newspaper *The Lafayette* routinely publishes the daily crime log. Also the *Easton Express-Times* newspaper has been publishing serious crimes reported on a routine basis.

### **Sexual Harassment, Assault, or Rape**

The Office of Residence Life, the Counseling Center, the Athletic Dept., and the Public Safety Office regularly provide programs to promote awareness of rape and other sexual offenses. Additional programs are presented or arranged by the Office of Residence Life and academic departments.

Any form of sexual misconduct—i.e., sexual harassment, sexual assault, or rape—is considered to be a violation of the College’s Code of Conduct. Students who violate the Code of Conduct are subject to the following disciplinary sanctions: warning probation, disciplinary probation level I or disciplinary probation level II, suspension, or expulsion. Students are encouraged to recognize their responsibility for their actions and to understand that intoxication, ignorance of the rules of the College, or such similar attempts at evasion will serve as no excuse for violations.

The College strongly encourages persons who believe they have been victims of sexual harassment, assault, or rape to bring this to the attention of College authorities by calling Public Safety (610) 330-4444 if the incident has just occurred or (610) 330-5330 if the incident has happened in the recent past. A student may also call the Sexual Assault Counseling and Education Coordinator (SACE Coordinator) who is responsible for coordinating assistance and support for persons who report having been sexually assaulted, including matters related to the person’s physical and mental health, personal safety, and academic status.

In the case of sexual harassment, students may consult with one of the College’s confidential sexual harassment consultants who will provide support and assistance in understanding College policies and procedures regarding sexual harassment.

Once a student calls Public Safety, an officer will obtain the basic facts. The student is advised that the SACE Coordinator can be called to offer support and assistance. The Easton Police and district attorney’s office will be notified. The officer will ask for a formal interview to determine what happened. If the student wishes, the SACE Coordinator or other support person may be present during

the interview. The officer will gather information about the perpetrator, where the incident took place, witnesses, and what happened before and after the harassment or assault.

The officer will outline the options for action that the student may take. Public Safety and the Easton Police Department will jointly coordinate the investigation.

**IMPORTANT:** Reporting an incident is a separate step from choosing to prosecute through on- or off-campus authorities. When a student makes a statement to a public safety or a police officer, he or she is not obligated to continue with a legal or College disciplinary action. A student 18 years of age or older may choose whether to participate in legal or disciplinary action at any point. Parents will be notified of all incidents where the victim is under age 18 due to state law.

The SACE Coordinator can assist any student who wishes to file a formal complaint against another student by submitting a written, signed statement detailing the incident(s) of sexual harassment or assault to a member of the Dean of Students' staff (101 Hogg Hall, (610) 330-5082; 132 Farinon, (610) 330-5335; 115 Farinon, (610) 330-5337). The procedures for handling such charges, which go before the Student Conduct Committee, will be explained to the student by the counselor and the deans. Complaints will be handled confidentially and as timely as possible. Students are encouraged to review the Lafayette College Policy on Sexual Assault and the Policy on Sexual Harassment in the *Lafayette College Student Handbook*. They are also encouraged to review the "Statement on the Rights and Responsibilities of Students of Lafayette College" in the *Student Handbook*. Complaints against staff members can be made to the Vice President for Human Resources and General Counsel (12 Markle, (610) 330-5060), while complaints against faculty members can be made to the Provost and Dean of the Faculty (219 Markle, (610) 330-5070). During campus disciplinary proceedings, the accuser and accused have the same rights to have others present during the hearing. Also, both the accuser and the accused are informed of the outcome of the hearing.

A student may wish to report an incident of harassment or assault to the Easton Police directly by calling 9-911 from a campus extension phone or 911 from other phones. However, the Public Safety Office encourages students to report incidents so that a campus police officer may help with the process of filing criminal charges. Remember, a student may request that a friend, consultant, or other support person be present throughout the questioning.

If it is possible for the assailant to be apprehended, the suspect will be taken by police before the local magistrate and charged with the appropriate offenses at a preliminary arraignment. The student filing charges does not need to be present. The alleged perpetrator may be jailed or released on bail, depending on a number of considerations, including the nature of the incident, its severity, and the likelihood of the alleged perpetrator leaving the jurisdiction. The suspect will be told not to contact the student making the complaint, and if he or she does try to make contact, the student is urged to call the police immediately.

A staff lawyer from the local district attorney's office will represent students filing charges without cost throughout the

criminal proceedings. Students may also wish to seek legal advice from personal or family attorneys, however.

**Medical Services.** After a sexual assault, it is important that the victim receive a medical exam: 1) to treat his or her injuries, 2) to assess the risk of sexually transmitted diseases or pregnancy, and 3) to gather physical evidence to be used if he or she wishes to press charges.

The student may go directly to the emergency room at Easton Hospital. The hospital will notify a counselor from the Crime Victims' Council of the Lehigh Valley, who will stay with the student throughout the exam to provide support and to explain the various aspects of the examination. The hospital will also advise Easton Police and Lafayette College Public Safety of the incident.

Students may also seek medical assistance from the Bailey Health Center. If the College Physician is available, he or she will discuss with the student whether he or she prefers to have an examination done at the Health Center or at Easton Hospital. The student is welcome to have a nurse or a support person with him or her during the exam.

**IMPORTANT:** Even though a victim's first impulse may be to shower or to change clothes, it is imperative that he or she retain as much physical evidence as possible. A victim should not wash, use the toilet, or change clothes. If clothes are changed, they should be placed in a paper bag and taken along to the examination. Even if a student feels certain that he or she will not wish to bring charges, it is important to gather as much physical evidence as possible should he or she change his or her mind about prosecuting at a later date.

**Counseling Services.** Victims of sexual assault who are able to talk about what happened to them have been found to recover more quickly. The Lafayette College Counseling Center provides confidential counseling for victims of sexual harassment and assault. Psychologists can help victims to understand their emotional responses and to develop coping strategies. The Counseling Center is open from 8:45 a.m. to 5 p.m. Monday through Friday. Students may make an appointment by calling (610) 330-5005 or by dropping in on the second floor of the Bailey Health Center.

The Crime Victims Council of the Lehigh Valley is available 24 hours a day to help victims of sexual assault. The council can be reached through its hotline, (610) 437-6611. Counselors from CVC can accompany victims to the hospital, explain reporting and prosecution procedures, and provide individual and group counseling.

Students who desire changes in their academic and/or living arrangements as a result of their being a victim of an alleged sexual offense can receive assistance from the Office of the Dean of the College and Office of Residence Life. Changes will be facilitated if reasonably available.

## **Buildings and Grounds**

The Director of Plant Operations, the Director of Public Safety, and members of Lafayette College Student Government conduct periodic reviews of campus facilities and grounds, giving emphasis to providing adequate lighting and eliminating landscaping hazards. Public Safety personnel also report non-working exterior lights and potential hazards observed during their daily campus patrols.

As noted previously, fire drills are conducted in residence halls, fraternities, and sororities, and in selected academic buildings. All residence halls are equipped with an automatic fire detection system that notifies Public Safety immediately of the alarm. Fire alarm boxes and fire extinguishers are in all College buildings. Emergency exits are clearly marked. Most residence halls are equipped with a burglar-alarm system designed to protect student property during vacations. Closed-circuit television cameras monitor Sullivan parking deck, lower Sullivan lot, March Fields lot, Watson Courts lot, and Markle parking deck.

All academic, administrative, and athletic buildings are locked in the evenings and on weekends according to the scheduled use of the facilities. Access to these facilities is limited to students, faculty, staff, their guests, and visitors conducting official College business. Administrators, faculty, and staff are issued keys to their respective buildings. All campus residence halls and some academic and athletic buildings are on an electronic access control system. Students, faculty, and staff members use electronic access tags rather than keys to gain access to these buildings.

All residence halls are normally locked 24 hours a day. Students and residence hall personnel are issued electronic access tags to their respective buildings, and students are given one room key per occupant. Public safety personnel check all buildings and patrol the grounds during their rounds. Public safety personnel provide escorts for students who request the service and check exterior residence hall doors.

Public safety personnel who patrol buildings are required to scan a computer bar code strip on the building with a handheld computer. The device stores the time that they checked the location. Personnel patrolling the grounds complete reports concerning their activities.

## **Student Residence Halls**

Lafayette students are housed in twenty-two residence halls, five private and College-owned fraternity houses, and six College-owned sorority houses. Most residence halls are coeducational, but single-sex units are available. Campus housing includes single rooms, doubles, triples, suites, and an apartment-style complex. Married students live off campus.

First-year students are required to live in residence halls unless they are commuting from their parents' home within a 40-mile radius of the College. Spaces are reserved throughout most of the College's residence halls for first-year students. They provide housing preference information during the spring. The order in which their housing is assigned is based on the date enrollment deposits are received at the College.

Upper-level students not commuting from home are required to live on campus unless they receive written permission from the Associate Dean of Students and Director of Residence Life. Permission to move off campus is not guaranteed. Upper-level students select their rooms during the annual room-selection lottery. Seniors are given highest priority in room selection among the upper-level classes. During the room-selection process, available residence hall space may be committed before all students have selected. These students are then placed on a summer housing waiting list in lottery number order. College housing for all students

on the waiting list is guaranteed.

Once the academic year has begun, the Office of Residence Life room change policy allows students to move on a space-available, first-come-first-served basis. However, a two-week freeze on room changes is in effect at the beginning of each semester to verify occupancy records.

As stated previously, public safety personnel patrol all College buildings. All residence halls are equipped with security screens on first-floor windows and accessible windows on upper floors. All first-floor rooms are equipped with window limiters.

Students may invite guests to stay overnight or over a weekend without obtaining special permission, but they are required to consult with their roommate or roommates before doing so. Guests except siblings must be at least 16 years old. All guests who are not Lafayette students are the responsibility of their host or hostess.

College housing is completely closed during the break between semesters. During fall break, Thanksgiving, and spring break, campus residence halls remain open. However there is minimum residential staffing during these breaks. During the January interim session, students enrolled in classes or conducting research are consolidated into rooms in a limited number of the College's residence halls. All College residence halls remain locked 24 hours a day during vacation periods as well as during the school year. Only personnel and students with electronic access tags to the respective buildings may gain entrance.

These policies are outlined in the *Student Handbook* and the housing contract received by all residence hall students annually.

Hugh W. Harris, Director of Public Safety

<sup>1</sup> The statistics in this category have been amended to conform with the definitions in the Uniform Crime Reporting Handbook, NIBRS Edition, published by the U.S. Department of Justice in concert with the Federal Bureau of Investigation. The definition of Forcible Sex Offenses includes Forcible Rape, Forcible Sodomy, Sexual Assault with an Object and Forcible Fondling. The definition of Non-Forcible Sex Offenses includes Incest and Statutory Rape.

There were no hate crimes, as defined by applicable federal law, reported at Lafayette College in 2006, 2007, and 2008.

<sup>2</sup> This column shows the portion of the on-campus total which occurred in residence halls.

<sup>3</sup> See map.

Indicates "public property" contiguous to Lafayette College-owned property that is included in the area for which crime statistics are reported.
